Sales Programme

Extreme bearings

Bearings

Oil seals

Housings

Retaining rings

Chains

RELIABLE **QUALITY**

- the products quality is verified by ISO/IEC17025 international standards
- the use of the latest technology and development processes
- we strive for long term relationships with our customers

Special Products

- Special bearings and seals: seals for disc harrows, steering end-piece bearings, seals for tractor motors, shaft seals ...
- Special chain wheels: chain wheels with accurately defined shape (based on a design), dedicated goods (for products on agricultural machinery ...), special materials and thermal treatment.

- Balls and rollers: bearing elements, different purposes based on the wishes of individual customers.
- Plain bearings: with additional greasing, without greasing, from sintered materials ...
- Agricultural chains and standard roller chains: manufactured for individual machines based on a design, different types (with or without attachments).

Codex Potissimus is a web portal for contractual partners. Only registered users can access the portal.

With three amazing characteristics Potissimus offers a lot of information and consequently saves your time.

smart

- fresh stock with every click
- analyses of web orders

quick

- quick access to prices and stocks
- less clicking - more information

simple

- simple usage
- help by way of internet and telephone
